***A non-profit picture book project to support traumatised children and families worldwide.***

„Lesyunya“ is a trauma-sensitive narrative for processing stressful experiences – based on a true story of courage and solidarity in war situations.

Sensitively told and lovingly illustrated, it helps children and families to name their feelings, discover inner strengths and develop hope.

Easy to use by caregivers and professionals – in schools, counselling, therapy, group work or at home.

***Freely available in multiple languages***

„Lesyunya“ is available to download free of charge in many languages on our website.
